I'm also available for one-on-one research consultations. Contact me to set up an appointment.

PSYC 2301: Introduction to Research Methods in Psychology

Finding Articles for the Literature Review

Start by searching the [PsycINFO](#) database. It's the best tool to find psychology-related articles for this class.

Depending on your proposed research hypothesis, you might want to search these databases too:

[SocINDEX with Full Text](#) (for social psychology topics)

[ERIC](#) (for education or child psychology topics)

[Medline](#) (for medical topics)

[Business Source Complete](#) (for industrial organizational psychology topics)

Need Help Searching for Articles?

Try viewing one of the following research tutorials (each are about 2-3 minutes long).

[Developing Search Terms](#)

[Finding Articles by Topic](#)

[Finding Articles by Citation](#)

[Remote Access](#)

Stuck on Selecting a Topic?

Try talking to your lab instructor. He/she can help you brainstorm potential research proposal topics. Don't be afraid to visit them during office hours!

Article Review Help

If your instructor placed your review article on Course Reserves, use the search box below to access it. Enter PSYC2301 for the course number.

Search for materials on reserve for a particular class

[Assignments](#)[Announcements](#)[Mail](#)[Discussions](#)[Assignments](#) > [Edit Submission](#)**Edit Submission (Attempt 1)****Instructions:**

Write a proposal for a topic you would like to research. To demonstrate that you've given some thought and preparation to this topic, include a bibliography of at least five sources. Remember, your sources must be from scholarly articles! You can get more info on where to begin your research on the library's [course page](#) for this class.

If you need some quick help on how to search for article in a database, watch this short video:
