Carol Pitts Hawks, OhioLINK: Implementing Integrated Library
Services Across Institutional Boundaries

    This paper discusses the issues and challenges associated
    with the implementation of the OhioLINK system, which
    primarily serves public academic institutions in Ohio as
    well as the State Library. It provides a brief history of
    OhioLINK, discusses its organizational structure, presents
    decision-making procedures, examines public relations
    strategies, and analyzes issues related to cooperative
    circulation, collection development, and database management
    efforts.

In consultation with article authors, the editors determine
whether an article is updated, whether both ASCII and HTML files
are created for updated articles, and whether all prior versions
of an article are retained.

Print Distribution

The first four volumes of The Public-Access Computer Systems
Review are also available in book form from the American Library
Association's Library and Information Technology Association
(LITA). (Volume five is in process.) The price of each volume
is $17 for LITA members and $20 for non-LITA members. All four
volumes can be ordered as a set for $60. To order, contact: ALA
Publishing Services, Order Department, 50 East Huron Street,
Chicago, IL 60611-2729, (800) 545-2433.
